"HEY THERE,"

Easy Listening Fans! What do you do
when you are looking for that soothing music
that your mother and grandmother
used to listen to?

You know the
stuff we're talking
about—those
moon-in-June
crooners like
Pat Boone,
Perry Como,
Tony Bennett,
Patti Page,
Teresa Brewer,
and nauseam!
The stuff most
record dealers
don't want to
touch with a
ten-foot pole,
let alone take up
their precious
shelf space.

Collect A Hit

is a one-of-a-kind distributor
specializing in easy listening,
popular and country records.

rock & roll dealers
usually don't and
won't stock. But if
you actually like
Grandma's music,
but just haven't
been able to find it,
you're in luck!
We got them
at **Collect A Hit**.

We also stock thousands of those
evil Rock & Roll 45's
that made the Billboard Top 100

ABOUT THE AUTHOR

An avid collector of records for over 38 years, Jerry Osborne has also worked full-time as an author of record price guides and reference books since 1975.

In the 25 years since work began on his first *Record Collector's Price Guide*, the number of Jerry's published works on music far exceeds 200 – including 72 books and 152 periodicals. As busy as ever, he continues to produce several books per year.

Among other music-related ventures, Jerry has, since 1986, written the popular, weekly newspaper feature, *Mr. Music*. This entertaining and informative column answers readers' questions about music and records. (*Mr. Music* is syndicated nationwide by World Features Syndicate. An online edition is now available at www.jerryosborne.com/mr.music.htm.)

The rest of Osborne's past is also saturated with music. Upon graduation from high school, he began a 14-year career in radio and television (1962–1976) as an announcer, or dee jay.

Over the years, Jerry founded and published three collectors news and marketplace magazines: *Record Digest* and *Music World* and the still-popular *DISCoveries*. In the mid-'80s, he began publication of *The Osborne Report*, a monthly newsletter covering new releases.

Osborne's influence and involvement in record collecting has been chronicled in virtually every major magazine and newspaper in the country: *Reader's Digest*, *Life*, *The Wall Street Journal*, *USA Today*, *People Magazine*, *Esquire*, *Oui*, *National Enquirer*, *Money*, *Changing Times*, *Photoplay*, *High Fidelity*, *Billboard*, *Cash Box*, *Music City News*, *Collectibles*, *Kiplinger's*, *Woman's Day* and *Rolling Stone* – to name just a few.

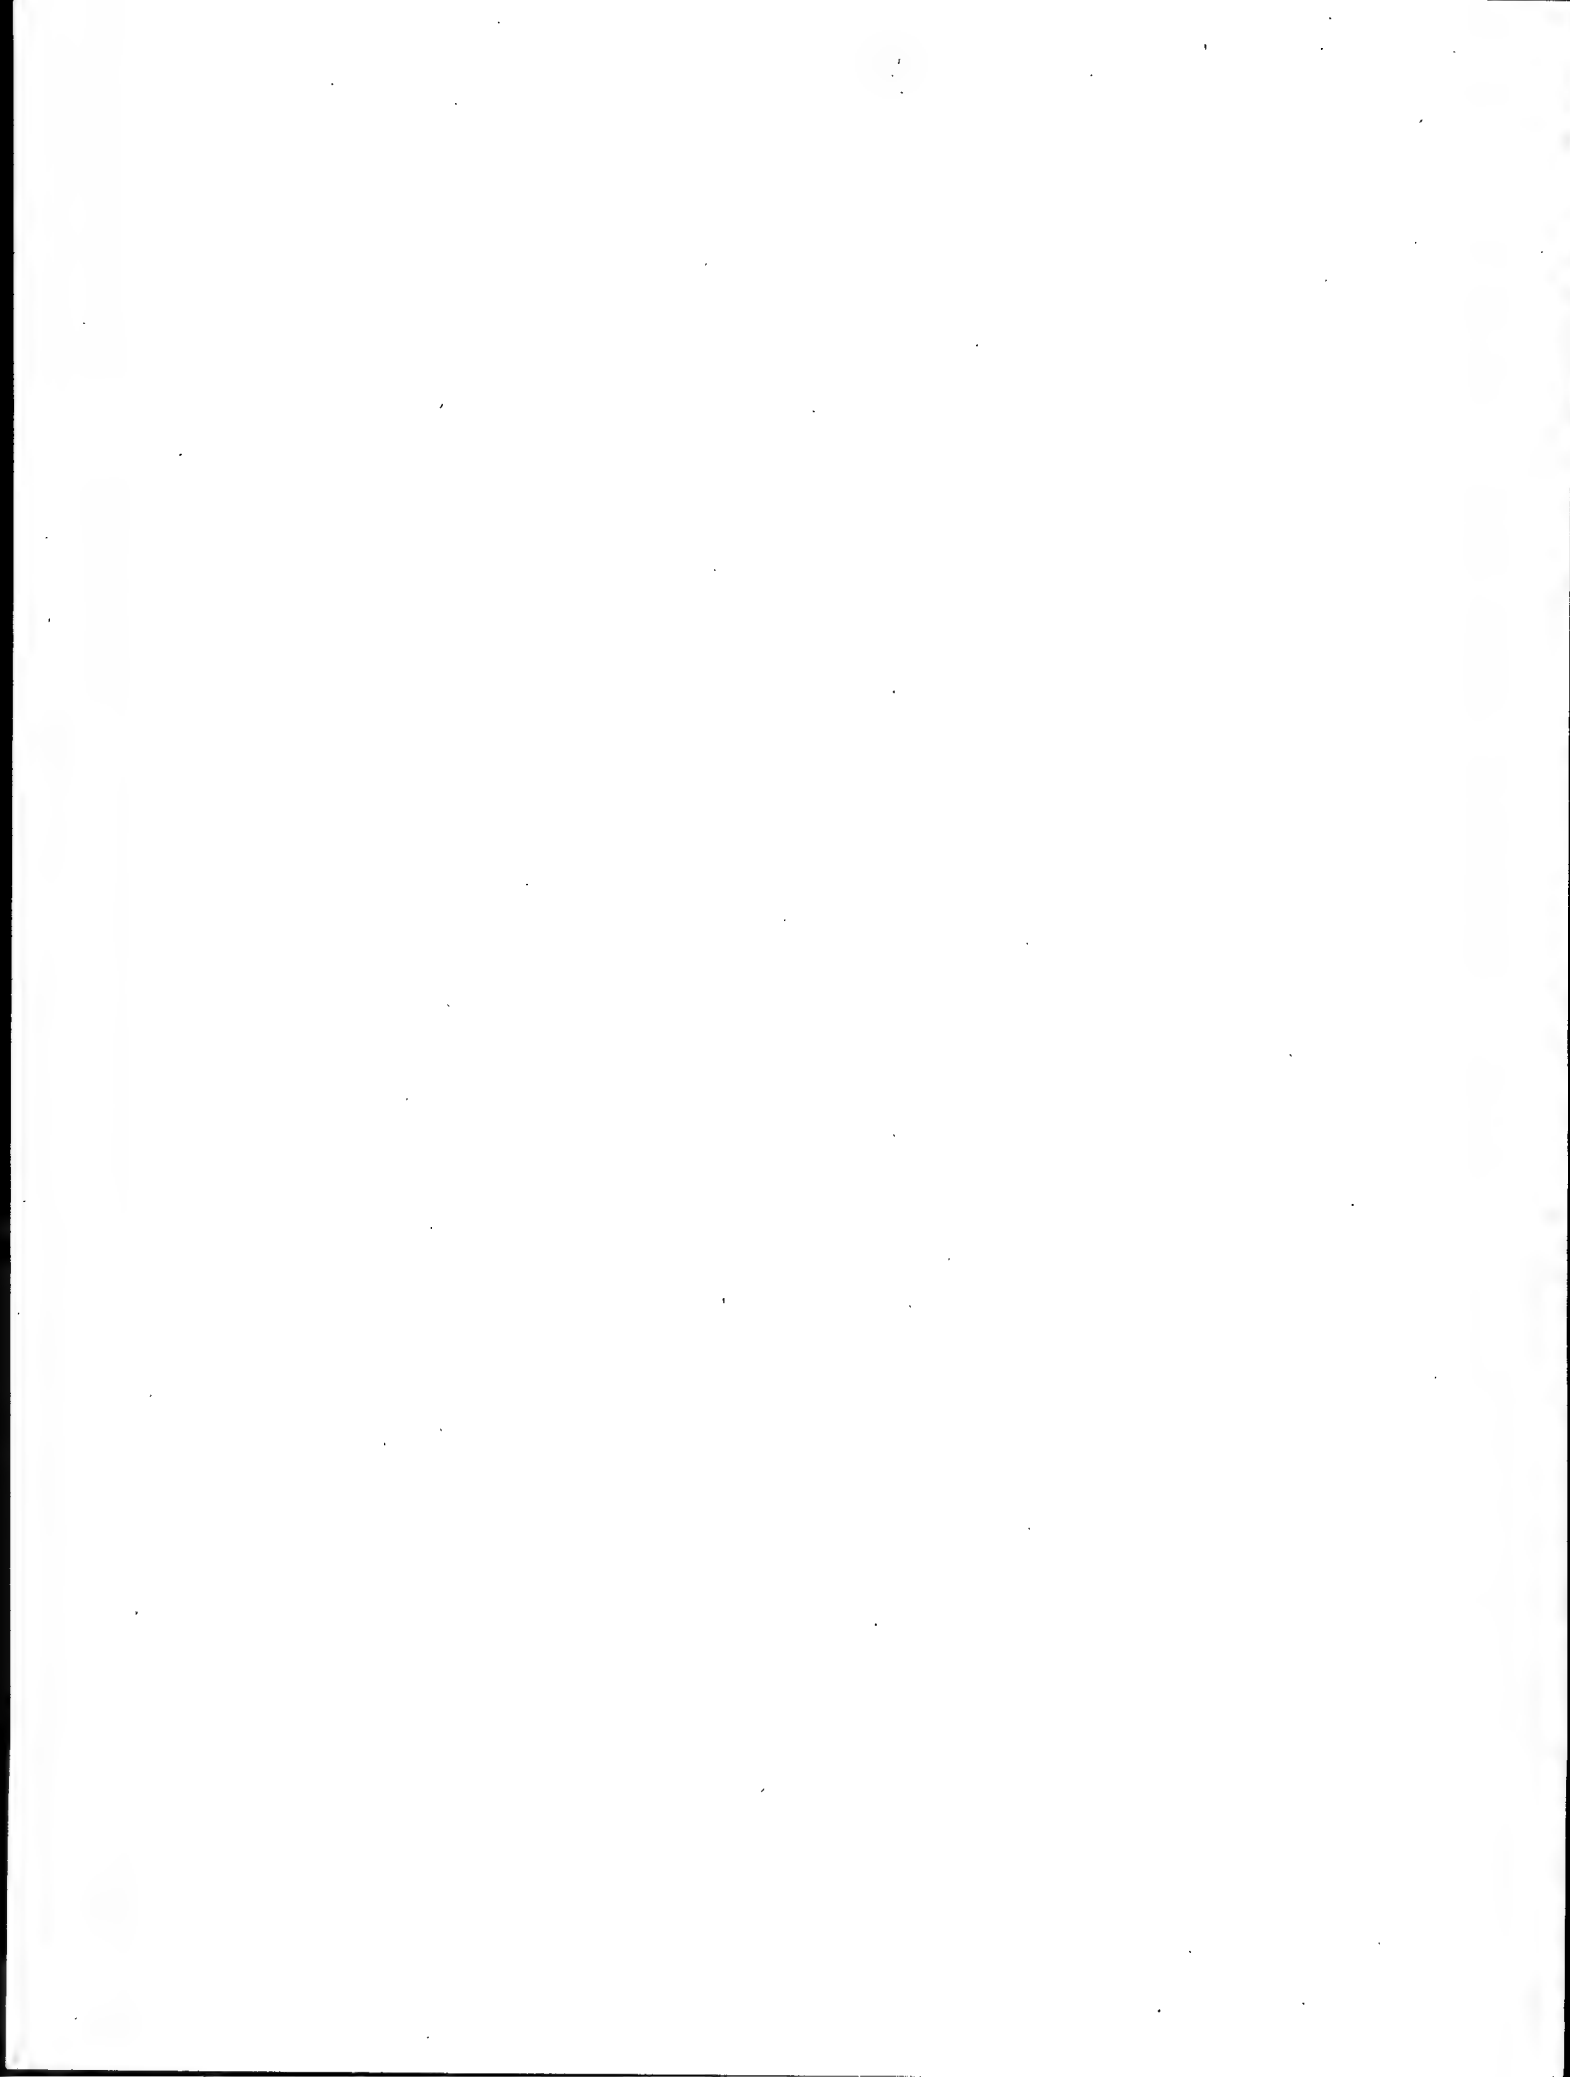

Jerry has been a frequent guest on many major radio and TV talk shows, discussing the record collecting hobby. Among these are: "Good Morning America," The "Today Show" "The Nashville Network," and far too many local and regional shows to enumerate.

He worked in the mid-'80s as a technical advisor and consultant for the critically acclaimed ABC-TV nostalgic news-magazine program, "Our World," and has served as a consultant for HBO, and CBS-TV's "West 57th Street."

More recently, Jerry worked on the music segments of the ABC-TV prime time extravaganza, "The Century," as well as MSNBC's nightly "Headliners and Legends."

Clearly, no one person has been more responsible – directly or indirectly – for the amazing growth in the past quarter-century of the music collecting hobby.

As for the (August 1999) shot above, it pictures Jerry sharing a hug with his music lovin' sister, Judy Davis.

THE DEFINITIVE SOURCEBOOK FOR RECORD COLLECTORS, WITH MORE THAN ONE MILLION RECORDS PRICED!

- **WRITTEN BY THE EXPERT.** Nationally renowned author and syndicated music columnist **Jerry Osborne** has reviewed sales lists, auction results, and trading at record shows, and has polled collectors from every U.S. state and around the world for the most accurate pricing information.
